SECTION 2: GENERAL RULES

- 2.1 USRA rules shall apply at all events. All participants are subject to the rules of the USRA and are expected to know the rules. These rules are a guideline as to what is permitted and/or not allowed. If these rules do not explicitly say it is permitted, then you must contact the USRA to identify if the part in question is permitted for competition. An expressed ignorance of USRA rules by any participant will not be recognized as a valid argument for failure to comply with USRA rules. Some tracks may have amendments, additions or other adjustments to the rules for a class. Promoters must make these differences clear, in writing, always posted online and available to drivers. Drivers should verify rules packages with racetrack prior to competing at an unfamiliar venue.
- 2.2 Approval of any racecar by an official shall mean that the racecar is approved for participation in the event and shall not be construed in any way to mean that the inspected vehicle is guaranteed to be mechanically sound or safe. Be it further declared that officials and/or the USRA shall not be liable for any mechanical failure, nor for any losses, injuries or death resulting from the same.
- 2.3 All drivers must be at least fourteen (14) years of age (proof of age required). Drivers under eighteen (18) years of age are required to have a signed and notarized Parental Consent Form. The Parental Consent Form must be signed by a parent or legal guardian and must be received by the USRA prior to participation of the driver in any event.
- 2.4 The USRA may require any driver to undergo a physical examination by a licensed health care provider prior to being allowed to participate in any event.
- 2.5 No equipment or racecar will be considered as having been approved by reason of having passed through inspection unobserved.
- 2.6 All racecars must be able to join the race lineup on demand and unassisted or must go to the rear of the lineup for the start of the race.
- 2.7 The USRA reserves the right to add to, delete, supersede or modify any rule, exhibit or drawing that the USRA deems necessary for the conduct of events and/or safety of participants. All amendments are effective on the date of publication by the USRA regardless of when a person subject to the rules receives actual notice of the amendment.
- 2.8 Every driver must inspect the racing surface and the track area to learn of any obstructions or other defects which, in the driver's opinion, presents an unsafe condition for competition. The driver shall report any unsafe condition in writing to an official. Any driver that competes in an event is considered to have inspected the track surface and surrounding perimeter to determine that all conditions are satisfactory. If the driver does not feel that the conditions are satisfactory, the driver should not compete in the event. The driver further acknowledges that he or she is aware that auto racing involves risk, and that by competing in an event, the driver assumes these risks with full awareness and responsibility.
- 2.9 All drivers are responsible for registering their racecar for each event in order to ensure their respective starting position in each event.
- 2.10 The USRA and/or promoter reserve the right to refuse to accept the entry of any racecar, driver or participant. Furthermore, the USRA and/or promoter reserves the right to revoke or cancel any entry, or any participant's claimed right to be on the racetrack's premises, if it is determined that a participant's presence or conduct is not in the best interest of the sport of auto racing, other participants, spectators, track management and/or employees of the USRA.
- 2.11 Lighted signaling devices, hand signals or any other equipment or methods used for communication during an event between a non-competing participant and a driver is not allowed.
- 2.12 Officials may require drivers to utilize a one-way radio with no scanning capabilities to enable audio communication from official(s) to drivers only. Furthermore, racecars may be fitted with a timing

- transponder as supplied by an official. All other radios and any other devices used for transmitting or listening are not allowed on the racecar.
- 2.13 Computers are not allowed on the racecar. This includes, but not limited to, electronic traction control devices. Any driver found to be using traction control will be subject to a minimum fine of five thousand dollars (\$5,000) and up to a lifetime suspension from all events.
 - 2.14 Decisions of the USRA are final and binding without exception.
 - 2.15 These rules have been set by the USRA and are subject to change without notice. All promoters will be informed of any changes to these rules after the date of publication, and those changes should be made available to drivers at each racetrack and/or announced at drivers meeting. The USRA will publish amendments to these rules on the USRA website at usraracing.com.
 - 2.16 Unless specified otherwise by another rule, a driver will earn the minimum show-up points (45 for track and regional, 90 for national) if he or she is disqualified during an event.

SECTION 3: CONDUCT

- 3.1 Participants will conduct themselves as professionals. Any conduct or actions by a participant deemed inappropriate and/or unsportsmanlike by the USRA shall be grounds for disqualification and/or punitive action by the USRA. This will be strictly enforced.
 - 3.2 Drivers are responsible for the conduct and actions of their car owners, crew members, sponsors and family members.
- 3.3 Alcohol & Substance Abuse Policy**
- 3.3.1 The USRA Alcohol & Substance Abuse Policy prohibits the misuse of alcohol, prescription drugs and any other substance used in a manner that affects safety or impacts the integrity of the competition, including, but not limited to, illegal or performance enhancing substances. All USRA participants are responsible for whatever goes into their body.
 - 3.3.2 The USRA may test any participants whose performance at a USRA event potentially affects the safety of themselves, other USRA participants, spectators and/or guests.
 - 3.3.3 Participants are prohibited from using, having in their system, possessing, purchasing, selling and/or participating in the distribution of any drug that is illegal to possess, use and/or distribute by the laws of the United States of America and/or any of its 50 states, regardless of the amount, at any time. Illegal acquisition and/or illegal distribution of any prescription or over-the-counter medication are strictly prohibited at any time.
 - 3.3.4 Violation of this Substance Abuse Policy shall be cause for immediate and indefinite suspension.
- 3.4 Any participant who defies or violates the intent or spirit of the USRA rules shall be considered to have engaged in unsportsmanlike conduct and shall be dealt with accordingly and swiftly by the USRA.

SECTION 4: TECHNICAL INSPECTIONS

- 4.1 For all classes at all events, the first four (4) finishers in the main event—and any other racecars as instructed by officials—are required to report to a designated area after the completion of the main event where post-race technical inspections will be performed.
- 4.2 Each racetrack is required to have a USRA-certified technical inspector at each event. It is recommended that each racetrack employ a second tech official to assist during inspections.
- 4.3 At the discretion of officials overseeing an event, any participant may be disqualified by the official(s) for violation of any USRA rule, equipment and/or conduct deemed to be hazardous to other participants or officials.
- 4.4 All racecars are subject to inspection by an official at any time. Any driver who refuses to allow any inspection by an official, or terminates an inspection in progress, shall be subject to a fine of two thousand dollars (\$2,000), suspension from all events for fourteen (14) days, loss of all points earned to date for the current year and forfeiture of all cash and/or awards earned at the event.
- 4.5 Any illegal part discovered through inspection any time after the driver signs in to compete in that event can be confiscated by an official and forfeited by the driver. Any driver's racecar that is caught with any illegal part during pre-race inspection is subject to the same associated penalties and will not be entitled to any refunds of any money. For first infraction, driver discovered to be using illegal parts of any kind shall be subject to a fine of up to two thousand dollars (\$2,000), suspension from all events for up to fourteen (14) days, loss of all points earned to date for the current year and forfeiture of all cash and/or awards earned at the event. For second infraction, driver shall be subject to a fine of up to five thousand

dollars (\$5,000), suspension from all events for up to one (1) year, loss of all points earned to date for the current year and forfeiture of all cash and/or awards earned at the event. Confiscated parts may be sent to manufacturer for inspection. Failure by the driver to surrender any illegal part for confiscation shall result in a separate penalty, in addition to other applicable penalties under this rule.

- 4.6 All measurements must be made with the racecar as-is after exiting the racetrack while the racecar is stationary on a surface which is as close to flat and horizontal as permitted by the terrain of the space, with front tires straight and driver remaining in the racecar.

SECTION 5: AWARDS & DECALS

- 5.1 Approved USRA sponsor decals must be displayed in required locations on the racecar for the driver to participate in any prize money, points funds and/or contingency awards which require specific decals and/or decal placement for eligibility.
- 5.2 All decals shall be distributed by the USRA or racetrack, along with a description of each sponsor's program, decal placement requirements and contact information.
- 5.3 In order to be used in competition by a driver in any event and/or be eligible to earn points or points funds, all racecars in all classes must display the approved decals in the required location(s) as described in the USRA Decal Placement Guide.

Upon receipt of the fee, driver will receive credit for attendance and earn the minimum track, regional and national points for entering the event. If using a provisional, driver is forbidden from competing as a driver in any auto racing event whatsoever on that day. If it is discovered that the driver competed in another event, that driver will lose all USRA points accumulated to date.
